### Machine Table - 850

Two extra heavy duty reinforced 12 gauge steel decks take on the heaviest loads both top and bottom. All welded construction with full 2" x 2" x 3/16" angle uprights provide a solid stable structure. Standard height is 36". 3" x 3" x 3/16" foot pads offer a sturdy and reliable surface area assuring dependable use.

### Machine Table Options

#### 5" Polyurethane Casters

These 5" polyurethane casters are full swivel and include a locking brake. The table is cropped to fit the caster so no height is added when a table is ordered with casters. To order a mobile table add the letter **R** to the table order number. The 5" Polyurethane casters limit the SLR to 1400 lbs.

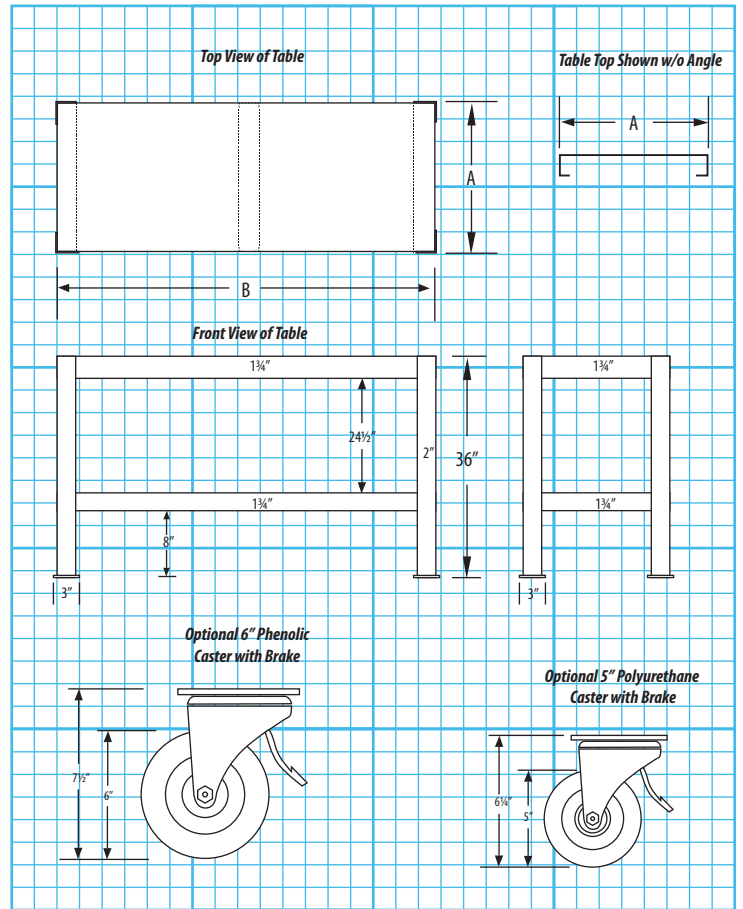

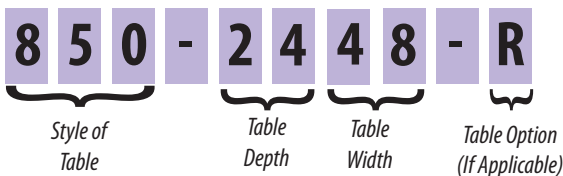

#### 5" Steel Casters

These 5" steel casters are full swivel and include a locking brake. The table is cropped to fit the caster so no height is added when a table is ordered with casters. To order a mobile table add the letter **S** to the table order number. The 5" steel casters limit the SLR to 2200 lbs.

#### 6" Phenolic Casters

These 6" phenolic casters are full swivel and include a locking brake. The table is cropped to fit the caster so no height is added when a table is ordered with casters. To order a mobile table add the letter **E** to the table order number. The 6" Phenolic Casters retain the 3000 lbs SLR.

Example Order Number:

Tray Dimensions	
Depth(A)	Width (B)
24	48"
24	60"
24	72"
28	48"
28	60"
28	72"
34	48"
34	60"
34	72"

**Suggested Load Range:**

3000 lbs.
